

SAFETY RULES TERMINAL

SAFETY RULES

- Dutch traffic law rules are applicable at TMA Terminals;
- Parking is only permitted in the designated spaces;
- Take into account other people present at the terminal. It is of great importance that you only pass other vehicles when you are sure that the other driver has seen you;
- The use of, or being under the influence of, alcohol, drugs or narcotics is prohibited at all times at our terminals;
- Access to the warehouse is only permitted under supervision;
- Twistlocks must be unlocked before entering the terminal;
- When loading and unloading a container, the driver must stand next to the cabin clearly visible to the reach stacker driver;
- You are obliged to comply with the applicable TMA safety, code of conduct, environmental and hygiene rules;
- Failure to comply with these regulations can result in denial of site access.

PERSONAL PROTECTIVE EQUIPMENT

- Wear reflective, protective and recognizable work clothing / safety vest;
- Wear safety shoes S3 (not required on footpaths);
- Wearing a helmet is mandatory in lifting zones.

REPORTING OF DANGEROUS SITUATIONS OR INCIDENTS

- You must report (risk of) environmental damage and / or incidents related to working conditions and (near) accidents to your contact person immediately.

EMERGENCIES

- In the event of a life-threatening situation, call 112 immediately;
- Warn your contact person and any people in the area;
- Always follow the instructions of the company emergency officer in the event of an emergency and / or evacuation;
- When evacuating, use the indicated escape routes and go to the assembly point.
